

Sami Albaroudi

Software Engineering Student

Berlin, Germany — samialbaroudi2006@gmail.com — github.com/ITZSAMI — LinkedIn

Profile

Motivated Software Engineering student at Gisma University of Applied Sciences, Berlin, with hands-on experience in Python, JavaScript, and SQL. Passionate about building practical software solutions and actively seeking Werkstudent opportunities in Berlin's tech ecosystem.

Education

Gisma University of Applied Sciences
BSc Software Engineering

Berlin, Germany
2023 – Present

- Relevant coursework: Data Structures, Algorithms, Database Systems, Web Development, Computer Science Lab

Projects

Weather App

JavaScript, HTML, CSS, REST API

github.com/ITZSAMI

- Built a web app that fetches and displays real-time weather data for any city
- Integrated a third-party weather API to retrieve live temperature and conditions

Calorie Calculator

JavaScript, HTML, CSS

github.com/ITZSAMI

- Developed a web app for tracking daily calorie intake with a clean UI
- Deployed live via GitHub Pages

Browser RPG

JavaScript, HTML Canvas

github.com/ITZSAMI

Built a browser-based role-playing game with interactive gameplay mechanics

Ride Sharing System

SQL

github.com/ITZSAMI

- Designed a relational database system for managing ride sharing operations
- Implemented complex queries for data retrieval and management

Technical Skills

Languages: Python, JavaScript, HTML, CSS, SQL

Tools & Technologies: Git, GitHub, VS Code, GitHub Pages, LaTeX

Concepts: REST APIs, Relational Databases, OOP, Web Development

Languages

Arabic (Native) English (C2) French (C1) German (B1)
